WORKING 'round the clock with plans for developing massive Callan Park's vast acreage are Michael C. Callan (right) and Joseph C. Caesar, construction partners who have every-

thing at stake in the big expansion of Daly City's southern boundary.

REFERENDUM CAMPAIGN

Petitioners Optimistic For 'Vote By The People'

While Arthur Haskins' grading crews are working full-speed with initial Callan Park groundwork, Citizens Committee for Good Government petitioners are "certain to obtain enough signatures to ask for a referendum vote of the people on the entire annexation," spokesman Fred J. Walker of Westlake reported today.

The petitioners have until

May 10-30 days after the City Council passed the two annexation ordinances—to get the required number of validated citizen signatures.

Walker said the committee had enlisted the Oakland law firm of Sturgis-Den-Delk-Douglas and Anderson to fight the "emergency" ordinance which gave Daly City immediate jurisdiction over the Callan tract. The petition drive is aimed at the second or regular annexation ordinance which makes the tract a part of Daly City on May 11.

Call Meeting To Promote DC Celebration

An organizational meeting to enlist the serious support and participation of Daly City groups in a week-long 50th birthday celebration next year is scheduled Tuesday evening, May 3, at City Hall, 75 Wellington avenue.

Temporary chairman of the planning is Arthur J. Bodien former city councilman. He has notified all PTA's, clubs and other civic groups and hopes each will be represented on the "Civic Celebration Committee."

The extent of Daly City's golden anniversary event will be determined by the interest shown by the representatives invited.

POLICE ADD PATROLMAN, DESK DISPATCHER FOR NIGHT SHIFT

A former Marine Corps flight operations sergeant and an ex-Air Force helicopter flight chief joined the Daly City police force last week, according to Chief Roland Petrocchi.

Harold Leslie Tunnell, 31, of Walnut Creek, was hired with a year's probationary status as a patrolman and David Louis Vargo, 24, 1324 Portola drive, San Francisco, is a temporary appointment as desk dispatcher.

Tunnell's last job was as a mailman with the Lafayette post office. He also put in three

Mary's Help Officials Seek Daly City Site For Modern Hospital

Mary's Help Hospital, which has served San Francisco at 145 Guerrero street since 1912, will move to a new location in the Westlake-Daly City area as soon as a suitable site can be found, funds raised and a new 150-bed hospital built, Sister Mary Rose, administrator of the hospital, announced today.

The Board of Directors of the hospital, in reaching this decision, followed the recommendation of Dr. Anthony J. J. Rourke, noted New York hospital consultant, who was employed to survey the local hospital situation and advise the Board.

Sister Mary Rose said that if everything goes according to plan, the new hospital may be ready for service four years after a site is acquired. Four sites are under consideration, she said.

Mary's Help Hospital has been required by the State Bureau of Hospitals to undertake an extensive remodeling pro-

gram to bring it up to modern structural standards or build a new hospital if it intends to remain at its present site.

"In our opinion, rehabilitation of your present plant would be a very poor investment," said Dr. Rourke. "If a new hospital is considered, its location becomes important."

After surveying the entire

COUNCIL APPROVES INITIAL CALLAN PARK HOMES UNIT

Panorama Company Proposes 100 Acres For DC Annexation

Preoccupied with the scope of the Callan Park project, Daly City Councilmen Monday night set a June 13 public hearing date on another annexation possibility—some 100 acres northeast of town in the Crocker hills.

Panorama Development Company of San Francisco, which discussed the annexation with the council last year, is back with new plans that may be more suitable to Daly City. This time the developer has made provisions for a commercial center along with the residences—a move that could be a convincing factor tax-wise in the council's negotiations.

PAIR INQUIRE ABOUT USE OF SF WATER HERE

Tavern owner George Kirchhubel and real estate salesman Edward Murphy of Westlake made inquiries about Daly City's water problems at Monday's City Council meeting.

City Manager Edward Frank and City Engineer Bill Chapman confirmed that 15 percent of Daly City used water comes from San Francisco, due to seasonal needs and pending system improvements for an increasing population.

Chapman noted that the city's newest water well, in Colma, and the resurfacing of other wells greatly have reduced the need for SF water. Well 12, the eighth city well in operation, pumps over a million gallons a day. The new, sixth city reservoir in Unit 11 also has improved the city's system.

Councilman Michael DeBernardi pointed out that the use of San Francisco water, particularly for the Callan tract, meant a separate water rate for that area and wouldn't affect other residents.

Chapman explained that SF water is piped in only when the demand here exceeds the supply, particularly in the warmer months. This outside

City Manager Edward Frank said the council will soon meet with Panorama officials to discuss their plans and terms of an annexation agreement.

City Engineer Bill Chapman said the hillside Panorama tract lies east of the drive-in theater off Mar Vista avenue. Frank explained that the Panorama people requested the public hearing and a decision by the council "early" in order to expedite grading operations.

The Panorama development would be one of the first residential areas in the 5000-acre, uninhabited Crocker lands—extremely valuable property and much coveted for tax-rich industrial development.

In major action items Monday night, the council awarded a \$36,010 contract to E. T. Haas Company of Belmont for the installation of a 14-inch water transmission line from Well 12 at B and Second streets to the city system hookup at Eastmoor and Santa Paula avenue. The line will be about seven-tenths of a mile in length. Haas was the lowest of eight bidders. The highest was \$44,000.

The council called for bids and set a May 18 at 2 p.m. bid opening on furniture and equipment for the new Westlake library, scheduled to be ready this summer. The specifications were done by the state in working with recommendations of City Librarian Sam Chatter and the library commission. The furnishings should cost from \$30,000 to \$35,000, according to initial estimates.

Ordered filed was a letter from the Chamber of Commerce inquiring about the state's proposed dividing strip on Mission street. Secretary-manager Peter Markovich asked the council to find out if the state would remove the old rail tracks and repave the

Daly City Firemen Have New Phone

Fire Chief Elmer Kennedy of Daly City today reminded residents of his department's new phone number.

It is WYman 2-1144. The old number no longer is in effect.

Chamber Votes In Favor Of Callan Park

By unanimous resolution, the eight-member Board of Directors of Daly City's Chamber of Commerce Monday morning went on record in favor of the City Council's annexation of "Callan Park."

President Louis Pisani declared the Chamber action climaxed a meeting in which the developer, Tom Callan Jr., explained facets of the Callan Park development. The eight board members asked pertinent questions and seemed satisfied with Callan's answers and statement that his firm would fulfill the terms of its agreement with the city.

The resolution, which will be forwarded to the City Council, reads:

"In the absence of any detrimental information on the annexation of Callan Park, and based on findings of the board of directors, the Chamber of Commerce of Daly City wants to go on record in favor of the annexation..."

Pisani said a letter to the council accompanying the resolution will commend the City Council for its decision.

EAST OF SHARP PARK ROAD

Tentative Map Will Include Modifications

Daly City Councilmen Monday night ratified the Planning Commission's unanimous action approving the tentative map of Callan Park Unit 1—more than 800 homes which will inaugurate the 870-acre development.

Mayor Frank Pacelli, satisfied that the builder had met city requirements on the tentative layout, emphasized that zoning for the first homes and the apartments adjacent to the first neighborhood shopping center (just east of the Skyline boulevard - Sharp Park road crossing) still had to go through the normal channels—planning commission and then the council, again depending on the fulfillment of terms by the developer.

Even Councilman Joseph Verducci, who opposed the giant annexation on April 11, agreed on the Unit I passage.

Verducci Monday night asked that letters regarding Unit I from the city attorney, city engineer, county engineer, state highway division and the high school district be read for the official record. Unit I was approved by the council on condition that certain modifications, recommended by the city's administrative staff would be incorporated by Callan in the final map of the first unit.

Instead of a 70-foot wide major east-west arterial through Callan Park (known as Callan Boulevard) Chapman

and County Engineer Don Wilson asked for a wider lateral to accommodate anticipated heavy traffic. Chapman said an 80-foot arterial is desirable, allowing two lanes each way. The county had recommended a 90-foot right-of-way. Chapman noted that Daly City's subdivision ordinance "is the most lenient" of any of its Peninsula neighbor cities for major street widths, adding that as population and traffic volume intensify, wider main arteries logically are warranted.

At the same time, Chapman answered Councilman Bob St. Clair's inquiry on the city's attempts to strengthen its subdivision ordinance. The city engineer said the city manager, city attorney and himself had been studying ordinances of several cities and consulting the best governmental authorities in considering improvements.

Matter of financing the added width for Callan boulevard was asked by Councilman Michael DeBernardi. He wanted to know if the county would help pay for the maintenance since the artery figures prominently in the county's east-west lateral network.

Chapman also suggested a relocation of the mapped terminus of Callan and Ross boulevards, the major Unit I streets, to avoid awkward tie-ins with San Bruno and St. Francis Heights boulevard. The latter would go south into Callan boulevard unless some modification is made.

City Manager Frank stressed the need for a master plan of the entire Callan Park tract to ascertain park, school and

Land-Use Plan Public Hearing Slated May 23

The City Council will hold an important public hearing on Daly City's master Land-Use Plan, brought up to date by several modifications suggested by the Planning Commission and City Engineer, on Monday night, May 23, at 8 o'clock, 75 Wellington avenue.

All residents who wish to be heard on any phase of this "zoning guide" are urged to attend this meeting. No more than a dozen citizens have attended the many city meetings held to draft and complete the plan.

The Land-Use plan, once adopted by the council, will serve as a guide for the council and planners on all future zoning changes and requests. Maps will be located in the Council chamber during the hearing. Persons wishing to view the amended maps in advance may check with the Public Works office, 144 Hillside boulevard.

15 Days in Jail For Husband Who Shotgunned Wife
Bernard Michael Boden, 43, who shotgunned his wife, Alice, 39, in the thigh here last October, will serve 15 days in county jail as a consequence.

The nurseryman, who lives at 14 Edgeman street, Daly City, was sentenced this week. He was placed on three years probation by the court.

Mrs. Boden has filed for divorce. The original charge was assault with intent to commit murder, but the housewife refused to testify and the charge was reduced to "brandishing a weapon in a rude and threatening manner."

Parish Festival Aids School Drive

RECORDS, albums, and musical instruments await all teenagers at the Record Booth, a feature of the "Carousel Days" festival at Our Lady of Mercy

Parish in Westlake. Displaying booth attractions are (left to right) Janis Coyne, Joanna McCarthy, and Marion Lawson. Carousel Days will be held in

the parish hall this Thursday through Sunday to aid the fund drive for a second parish school.

Charles Blagdon photo

FOUR-DAY FEATURE

Our Lady Of Mercy's 'Carousel'

By Elizabeth Buccell

The climax of many months of hard work will arrive this weekend when the Westlake Festival Committee presents its gigantic "Carousel Days" at Our Lady of Mercy Parish.

The festival will be held in the parish hall, 1 Elmwood drive, Westlake, this Thursday through Sunday.

Featuring an array of colorful booths arranged around a revolving carousel, the festival will open this Thursday at 1:30 p.m. with a preview for the children. Evening hours Thursday and Friday are from 7 to 11. On Saturday and Sunday, festivities begin at 1 p.m. and continue each evening until midnight.

"Loads of fun for everyone" is the promise of the Festival Committee, who have worked hard in preparing for this merry-go-round of fun, excitement, and entertainment for the whole family. General chairman for the four-day event is Richard Dwyer. He is assisted by Frank Lawson of Westlake Catholic Men and by Mrs. Robert Markey of Westlake Catholic Women. Other committee members are:

Bigon and Raymond Forcina; Secretary, Mrs. William McCourt; Treasurer, Robert Chase; Investment, Mrs. Richard McHugh and Edward O'Donnell; Program, Mrs. Bernard Albrecht and William Creegan; Dinner, Mrs. James Storman and Frank Pacelli; Merchandise, Mrs. Elwin R. Short and Frank Carroll; Games, James Sheehan and William Kenney; Rummage Sale, Mrs. John Cresalia; Decorations, Edward Cuevas; Construction, George Bigon; Publicity, Mrs. Albert S. Buccell.

Festival publicity pictures were expertly done by Charles Blagdon, a national wire service photographer, a member of Westlake Catholic Men. During the four days of the festival, Mrs. Edward Molkenbuhr Jr. and Mrs. Elwin R. Short will assist Mrs. George Bigon, the floor chairman.

Seventeen colorful booths await everyone entering the parish hall. Under the direction of Jim Murray, the general merchandise booth, known this year as the Brass Ring, will have a variety of beautiful and valuable household items. The gourmet booth is

(Continued on Page 2)

Polio Shots

(Continued from Page 1)

area for the inoculations will be announced soon. Tentative dates for the shots are May 14 and June 11, which should be followed by the third shot in the recommended series about seven months later.

Officials warn that now is the best time to start the whole family on the inoculations series—well in advance of the polio "season"—this summer and fall.

This program is undertaken to enable those who have not had the opportunity to get the injections before, or those who have not had the first or second injection, or those who need the booster injection, to do so now. The same program will be set up at the time the next inoculation is due so that the complete series of injections will be made available.

Those who wish may go to their own doctor to receive the second or third injection. Those declaring an interest will be notified as to the time they are to appear at the planned headquarters.

Persons wishing to take advantage of the local polio program will be notified through this paper and school officials.

The fourth or "booster" shot is recommended by the National Foundation.

The Broadmoor Legion Post meets twice monthly at Broadmoor Community Center. Its membership is approximately 120.

Distributor Has Heart Attack

John J. Wynn, 62, a newspaper distribution service employee, collapsed from a heart

Big Festival

(Continued from Page 1)

called the Lion's Den. Bob Hunter, the "Man in the Lion's Den," will again, as last year, have a tremendous selection of gourmet treats including, imported cheese, smoked fish, caviar, and rare delicacies—pickled snails, fried rattlesnake meat, and chocolate-covered grasshoppers.

Of special interest to the children on Saturday, April 30, will be the presentation of Captain Satellite in a program, just for "little ones." The Captain's program will begin at 2 p.m. and continue for two hours, featuring a visit with the children, audience-participation time, and autographed pictures for all the youngsters.

Following this program, a delicious roast chicken dinner, prepared by Joe's of Westlake, will be served from 4 to 7 p.m. A few tickets for this festival family dinner are still available. Reasonably priced at \$1.50 for adults and 50 cents for children, they may be obtained from the reservations chairman, Mrs. James Barrett, PL 6-0589.

The Westlake Festival Committee invites "you and yours" to come and enjoy the Carousels Days of Our Lady of Mercy Parish. There is something of interest to attract each member of the family.

seizure Wednesday morning last week about 8:30 at 3317 San Jose avenue.

The San Francisco resident was transported to Junipero Serra Hospital by M&D ambulance. He was reported recovering, according to the initial police report.

Bartender Held On Assault, Battery Charge

Vincent William Bagala, 28, a bartender at The Casbah tavern, 6912 Mission street, was picked up by Officer Matthew Murray on a Northern Judicial Court warrant charging assault and battery.

Bagala, 5625 Mission street, San Francisco, was released on \$262.50 cash bail and is to appear in court today.

He told Murray that the case dates back to March 31 when The Casbah was having a dance contest. He said one of the contestants, Joe Hernandez, 83 Station avenue, was dissatisfied with the results as announced by Hernandez' wife who was one of the three judges.

Bagala said he and another bartender, Frank Sanchez, were in the men's room when they heard a commotion and the public address system voice called for "Frank." He claimed that they told Hernandez to leave and the latter said he would have to be thrown out.

Bagala said, "After he hit me I took a swing at him but can't definitely say I hit him. My only intent was to break up the fight."

Car Gets Away From Pushers, Rams Into Redwood Fence Here

John Eric DuPre, 18, 337 Knowles avenue, and a 14-year-old were pushing a car at the rear of South Mayfair avenue when the auto got away from them and knocked down 20 feet of redwood fence last Tuesday morning.

DuPre said he had borrowed the auto from a San Francisco youth and when it wouldn't start pushed it to the parking lot. Officer Richard Phillips said the two were shoving the car without holding on to the steering wheel.

The car tore down 20 feet of a fence belonging to the Doelger Building Company. Phillips said DuPre was cited for not having a registration certificate. DuPre is to notify the owner of the car and also to make restitution of the damage.

St. Francis Heights Association Meeting

Regular monthly meeting of St. Francis Heights Improvement Association is scheduled this Friday evening, 8 o'clock, at Garden Village School.

All St. Francis Heights homeowners are encouraged to attend by President Al Bellister.

CAMP FIRE Girls of Daly City presented a dwarf lemon tree to Woodrow Wilson School in a way of showing their motto "She cares—do you?" This is the 50th anniversary year of

the campfire girls. Women pictured are Mrs. Dorothy Waldvogel, guardian of Wee Ko Camp; Miss May Varn, acting principal at Woodrow Wilson; Mrs. Lena Lee, guardian of

Cherrie Chirpers Blue Birds; and Mrs. Fern Jones, guardian of Dacia Camp.

THE RECORD photo

EDICT ORDERS 'BEAR TRACKS' TO REFORM?

Henry Mack Jr., 42, alias "Bear Tracks," was asked in no uncertain terms to do just that, make bear tracks, by Daly City police Monday.

Mack, who has been arrested 122 times in 22 years all for being drunk on public streets here, received a lawful "heaveho."

R. Harris of the Alcoholic Beverage Control Board said that his members would assist in enforcing the Business and Professional code which considers a misdemeanor for any licensee or employee to sell or give away alcoholic beverages to any habitual drunkard, whether sober or not.

All neighborhood stores have been notified of the law and not to sell alcoholic beverages to "Bear Tracks." Sergeant Jack Walsh said there was only one other person who has come close to Mack's record and he no longer frequents Daly City establishments.

Mayor Proclaims May 1-7 Burglary Prevention Week

Daly City Mayor Frank Pacelli has proclaimed the week of May 1-7 as Burglary Prevention Week.

See Police Chief Roland Petroch's report on page 3. Prevention Week and urges citizens to take more precautionary measures in protecting their property.

The 103-year-old American Institute of Architects is one of the nation's oldest professional organizations.

Water Queries

(Continued from Page 1)

water costs the city roughly \$60,000 a year and reduces the city's marginal profit from using entirely Daly City water.

Chapman estimated that seven or eight new wells would be needed by the city in the Callan tract, but said he was doubtful if this area were suitable for wells and the water potential there would be financially practical and adequate.

On the other hand, Chapman said if the wells to serve Callan Park had to be located in Daly City outside the newly annexed area, this might not be possible as it would exhaust the water supply already tapped by the existing city wells. Also, the cost of transmission lines to the three proposed Callan reservoirs would be prohibitive Chapman suggested.

Chapman said the Callans in their agreement with the city are planning two ground level reservoirs and one elevated tank. The bigger tanks would each have a capacity of about 1.5 million gallons—same size as the new Westlake II reservoir.

CALLAN MAP

(Continued from Page 1)

municipal facility sites. Tom Callan Jr. answered that his engineers should be able to finalize all grading proposals by this October when the master plan could be put in black and white.

Asked by DeBernardi about school provisions, Callan said he discussed last week with the South San Francisco school administrators and trustees plans for three sites. Young Callan following Mayor Pacelli's remark that "schools aren't our concern because the tract is within the South S. F. school district," declared that his engineers were working with South SF to approximate the sites. Callan, estimating the development would have 400 residents this year and 1200 a year from now, said he felt it would be at least two years before any suggested redistricting of the tract to Daly City school jurisdiction could materialize.

"We're paying taxes on this undeveloped land to South San Francisco schools right now," Callan explained, "so naturally we are leaving the school site designations to their district."

About the only disapproval of Callan Unit I came in a letter from Jefferson (Daly City) High School District Supt. Edward Morgan who earlier asked the Planning Commission to table action on the unit until a master plan were presented and at least the one needed high school site for Callan Park could be located and confirmed.

City Manager Karl Baldwin of Pacifica has called a meeting there on May 12, inviting Daly City, South San Francisco and county officials to discuss the major east-west roads system for the north county. The Hickey and Chestnut boulevards extensions will be the main considerations at this Pacifica-hosted session.

Hospital

(Continued from Page 1)

area, Dr. Rourke recommended a new location in the Westlake-Daly City area, which he described as "the area with the highest population without hospital facilities."

Dr. Rourke amplified the reasons for this choice as follows: "San Francisco has developed a unique pattern of hospital locations because of its geography. It is bounded by the ocean and the bay on three sides. Population for many years was located in the northern and eastern parts of the city. Consequently the hospitals, most of which were founded in the early part of the century or before, were located in the northern part of the city."

The spread of the city first developed to the west, north of Golden Gate Park. Later development took place south of the park in the Sunset area and extended towards Lake Merced.

"Present housing activities are taking place in the Westlake-Daly City area, South San Francisco, Pacifica, Pedro Valley and other communities along the Pacific Coast adjacent to the county line.

"In spite of the concentration of population, there is no voluntary short-term hospital south of Golden Gate Park or west of the University of California hospitals. South of the area, the nearest hospital is in Burlingame.

"Mary's Help Hospital should consider the recommended new location as an opportunity of greater service, by bringing hospital and emergency care to a new community of younger citizens. This service would reduce city travel and, especially for maternity care and care of infants and small children, would be an advantage to many people."

The proposed new Mary's Help Hospital would be 150 beds, with provision of central facilities permitting expansion ultimately to 250 beds. (The hospital has 175 beds and 40 bassinets at its present site.) Dr. Rourke envisaged in the Westlake-Daly City area "a small community hospital including pediatric and obstetrical beds as well as medical and surgical beds in an integrated plan of referring to the larger centers such work as neurosurgery, cardiovascular surgery, eye surgery, cobalt and other major radiation therapies and psychiatry."

Dr. Rourke said there should be no thought of abandoning the hospital field because the San Francisco area needs the hospital beds which Mary's Help Hospital provides. San Francisco hospitals care for many patients who come to them from outside the area, he pointed out.

Mary's Help Hospital, a fully accredited general hospital operated and managed by the Daughters of Charity of St. Vincent de Paul, opened in 1912. It had been ready to open when it was severely damaged by the earthquake of April 18, 1906 and several years were devoted to its restoration.

Re-districting Of Callan Park On Schools' Agenda

San Mateo County's Committee on School District Organization will meet on Monday May 24 at 8 p.m. at Edgemont School, 500 Agacia avenue, San Bruno, to discuss possible re-districting of Callan Park from the South San Francisco Unified School District to the Jefferson high school and Elementary districts.

Besides the two above mentioned trustee groups attending there will be representatives from San Bruno Elementary, San Mateo Union High and San Mateo Junior College Districts.

Panorama Tract

(Continued from Page 1)

street without putting in the dividing strip.

Mayor Frank Pacelli asserted and City Engineer Chapman confirmed that the state already was asking bids (opened them Wednesday) on the total Mission street project (track removal, center strip, resurfacing and traffic lights at School Mission) and that the state was on record against just doing a portion of the work and leaving out the center strip.

In other pertinent matters Monday, the council (Edward Dennis was absent):

1. Set Monday, May 23, 8 p.m. public hearing on city's revised Land-Use Plan—a guide to all future zoning. All residents who have comments on the Land-Use document will be given an opportunity to be heard on May 23 at City Hall, 75 Wellington avenue.

2. Set May 23 also for public hearing for rezoning newly annexed Fuchs-Olsen property, below M. Pauline Brown School site, St. Francis Heights, from unclassified to C-2. This property fronts on Pierce street northeast of the school site; and May 23 public hearing on industrial from unclassified rezoning of property at northeast end of Market street.

3. Approved contract with Capital Statistical Services for preparation of secured tax bills—bringing a savings in costs, according to the city clerk.

4. Accepted notice of completion on sixth city reservoir, end of Skyline drive in Westlake Unit 11, with final payment due with 35 days.

5. Instructed City Manager to ask Callan Company about erosion problems on Callan's 21-acre south of Eastmoor avenue, target of a petition filed with the council Monday night by more than a dozen St. Francis Heights residents. The petition called the situation an unnecessary nuisance. Callan crews reportedly are attending to the matter.

6. Introduced for first reading ordinance on R-1 to R-3 (apartments) rezoning of property on Scenic Way, Ventura Way and Altura Way in hillside area near Templeton avenue, and ordinance for rezoning two Doelger-owned parcels next to the Westlake Library site from C-1 to R-3. Doelger swapped property with the city in the library site negotiations.

7. Held off action on use permit for Shell sign at Eastmoor and Sullivan, additional units at rear of Lake Merced Lodge Motel, 2263 Junipero Serra, and for Midas Muffler Shop, 2245 Junipero Serra, until State Highway Division makes announcement of final Junipero Serra freeway routing. The attorney for Lake Merced Lodge asked for a postponement. The council should rule on all three items at their May 9 regular meeting, Mayor Pacelli announced.

8. Held over decision on R-1 to C-1 rezoning of property at 148 Station avenue, 24 Werner and 123 Station. Nearby residents protested this zoning before the planning commission. The latter body denied the rezoning. A public hearing will set later before the council.

9. Approved use permit for erection of apartments on east side of Santa Barbara between Los Banos and Knowles avenue.

10. Designated May 1-7 as Spring Clean-up Week as requested by fire department.

Can't Hear You!

With increased attendance at city council meetings the old complaint increases—"We can't hear you!" This is just about as true a statement as one could find. Acoustics at city hall are atrocious and anyone sitting a few rows from the speakers can hear practically nothing.

What happened to our public address system so thoughtfully provided by the council a few years back? Here's what happened—it doesn't work, never did, and probably never will. It is always out of order. Seems as if no one can fix it to perform in the way it should, or at least no one does.

We believe the citizens who attend council meetings are entitled to at least hear all proceedings, therefore let's either fix the present public address system so it will work, or junk it and put in a system that will.

LETTERS TO THE EDITOR

ASKS LEGISLATION

Reader Advocates 'Safer Car' Design To Cut Auto Deaths

Dear Editor:

Chief Petrocchi's appeal asking drivers to take a "defensive attitude" is highly commendable and if all drivers conscientiously drove courteously and defensively our accident ratio would decline.

Unfortunately as traffic statistics show, and as the Armed Forces of the United States found when they realized they were losing more men through traffic accidents than they did through enemy action in Korea, people do not drive defensively as a rule.

The armed forces found out another very important point which most of our lawmakers seem to miss. They found that exhortation and punishment to useless in decreasing accidents among service personnel. Our lawmakers and enforcers are so pre-occupied with accident causes seen primarily in terms of the driver, whom it is difficult to control, and not with the instrument that produces deaths and injuries (the car design).

Why is it that the Cornell Aeronautical Laboratory has designed and tested a safe car which will allow the passengers to walk away from a 50-mile per hour head on collision has received no publicity at all? Why is it that the Cornell University Medical College, The Motor Vehicle Research of Lee, New Hampshire and the Institute of Transportation and Traffic Engineering of the University of California all agree that the cars of today are not manufactured with injury retardants engineered into them, rather the obverse is true and no publicity?

At the behest of the Armed Forces, Dunlap and Associates of Stanford, Connecticut, conducted a survey of 100 automobiles owned by an insurance company and assigned at random to their salesmen, as to accident-design properties. This pentagon report received no publicity in the United States, but received banner headlines in Canada. The results, "on the basis of results as to the two types of cars tested, it may strongly be inferred that automobile design contributes appreciably to accident rate. There was an increase in accident rate of more than 50 per cent from make B to make A, which is directly attributable to accident-design properties."

Fifty percent! If we could reduce our chances of sudden death or crippling injury in this ratio wouldn't it be worth further investigation into car design?

The 1955-1957 California Interim Committee on Transportation and Commerce on Motor Vehicle Traffic Problems "only touched on this subject. They dealt mainly with design failure in such stereotyped fields as proper lighting, adequate visibility, easy accessibility of controls to the driver; but not at all with true protective measures such as moulded and padded seats for passengers, stronger frames and bodies able to absorb impacts, restraint features which keep passengers from being thrown around in unusual gravitational forces encountered in accidents and other true death and injury retardants as in the Cornell Aeronautical Laboratory's safe car.

If we cannot stop people from driving cars, and we never will through restrictive laws, then let's wake up to reality and insist that our lawmakers pass some constructive legislation on safe car design rather than more restrictions to our civil liberties. Think of the savings in lives, crippled people and the subsequent financial savings if cars were changed from 300 horsepower 120 mile per hour juggernauts into 65 mile per hour smaller conveyances with optimum passenger and pedestrian safety features concentrated on by the designers.

Of all the persons I have written to and talked to on this subject, my assemblyman is the only one who has taken a real interest in it. It is my fervent prayer that he can bring it to the attention of the next legislature.

Sincerely,
Wayne Knutilla

Citizen Lauds Cops, Firemen

(Editor's Note: Following letter commending action of Daly City police and firemen was warmly acknowledged by the Daly City Personnel Board.)
Chief Elmer Kennedy:
Chief R. A. Petrocchi:

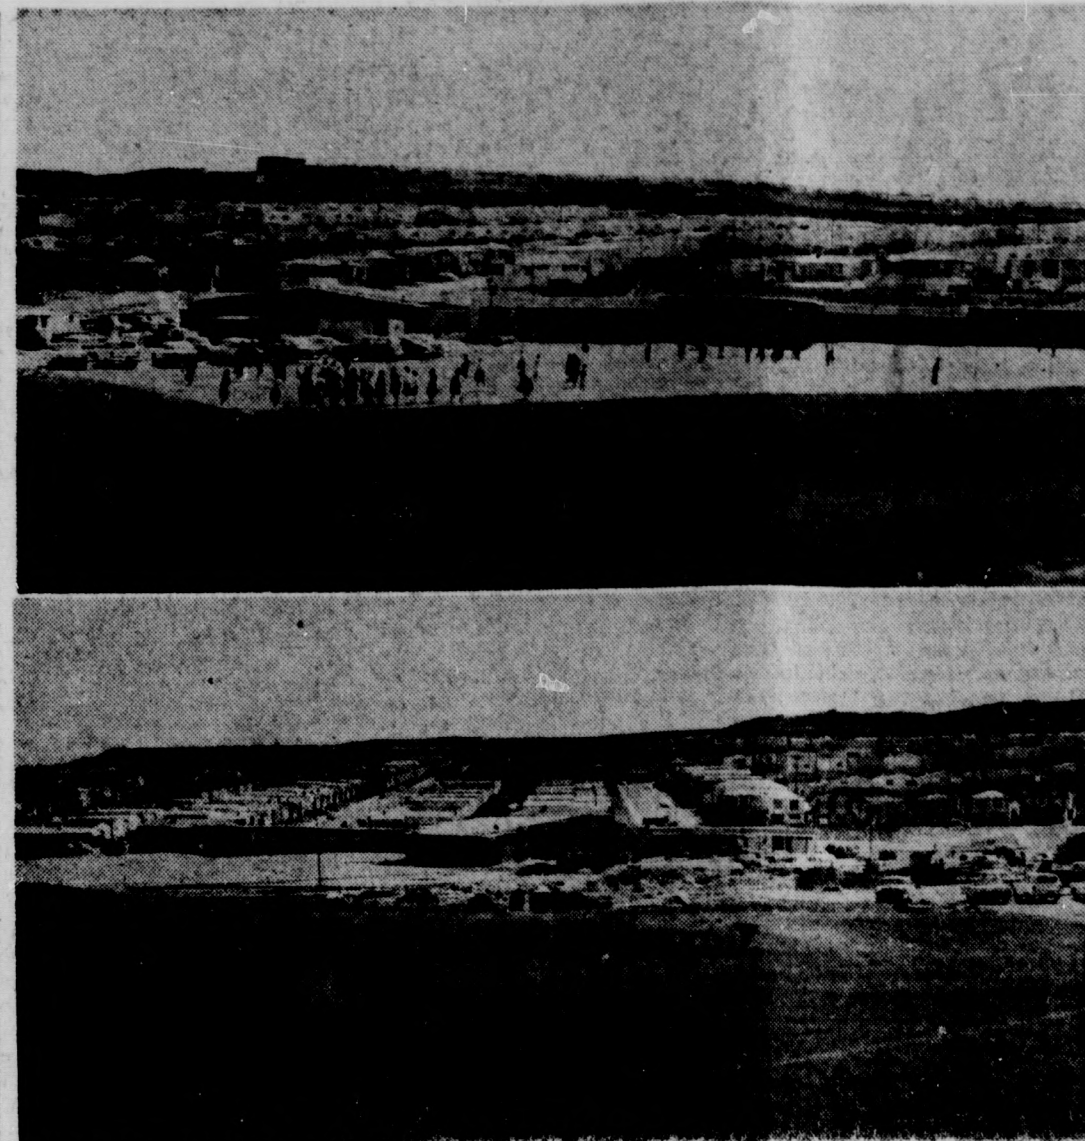

I want to compliment to the highest degree the way both your departments responded the night of Thursday, March 24. In a matter of seconds I had an asthmatic attack and after an emergency call was put through by my daughter-in-law, men and officers of both departments came to the call in about three minutes.

The fire squad administered the life giving oxygen and then the ambulance staff took over when it arrived seconds later. I could not speak to thank all but I could see the expert efficiency and the capable and well trained young men go about their duties.

We have been residents of Daly City for 23 years, and on different occasions had need and have called the Police Department and have always found them courteous and willing to help to the utmost.

To this family there will be always praise and recommendation for both departments.

Sincerely,
The Del Grande Family

Daly City-Colma

KINDERGARTEN REGISTRATION HERE ON MAY 11; SIGNUP SITES LISTED

Kindergarten registration in the Jefferson Elementary School District will take place on Wednesday, May 11. Superintendent Richard Foster announced today.

Parents whose last names begin with letters "A" to "L" will register from 9 to 11:30 a.m. Last names beginning with letters "M" to "Z" will register from 1 to 3 p.m.

Children must have been born on or before December 2, 1955, to be eligible for kindergarten this September.

Parents do not have to bring children to school in order to register but must bring a birth certificate, baptismal

certificate, passport or affidavit to establish date of birth.

The following schools and boundaries have been determined for kindergarten registration: VISTA GRANDE—South of Wellington to East Moltke and east of Mission to the hills, CROCKER—North-east of Wellington to San Francisco boundary. Between San Jose and the mountains, WOODROW WILSON—Area bounded by the San Francisco line on the north, Junipero Serra Blvd. on the west, the high school on the south, Thiers St. on the south, Wellington Ave. on the north, COLMA PRIMARY—East of Mission from Thiers to cemetery area, JEFFERSON—South of high school to South San Francisco area, East of Sweetwood to Mission, GARDEN VILLAGE—Broadmoor, Garden Village areas.

WESTLAKE—All area east of shopping center and Junipero Serra, and area surrounding Westlake School, OLYMPIA—Area close by Olympia School and area bounded by Skyline on the west, Fairlawn on the south, (including streets which run at right angle to Fairlawn) and Lake Merced Blvd. on the east, VISTA MAR—Westlake Highlands, a area bounded by Wildwood, Ocean Grove, South Mayfair on Southgate, 600-999 only, DANIEL WEBSTER—St. Francis Heights, ABRAHAM LINCOLN—Westlake Heights and Westlake Palisades, THOMAS EDISON—Southgate 1000-1399, Baldwin, Crestline, Maywood, Westlake Knolls and Westlake Terrace.

Personnel Board Sets Hearing On State Job Audit

Climaxing several exhaustive sessions discussing the State Personnel Board's audit of Daly City's employees' duties and their salaries, Daly City's Personnel Board will make its recommendations for eventual City Council deliberation in a public hearing Thursday, May 12, at City Hall, starting at 8 p.m.

Chairman Mel Battye said the final study session by the DC Personnel Board on the state audit was held last Sunday in a rather marathon meeting.

All city department heads have met with the personnel board to discuss and evaluate the state report as it pertains to the individual departments and positions.

77 BURGLARIES PER HOUR

Police Chief Petrocchi Stresses Burglary Prevention Measures

Police Chief Roland A. Petrocchi announced today that the week of May 1-7 is being observed as Burglary Prevention Week in Daly City, as proclaimed by Mayor Francis P. Pacelli.

He explained that the observation is being held in conjunction with a statewide program inaugurated and sponsored by the Peace Officers' Association of the State of California, to educate the public on how individual citizens can help reduce burglary losses.

From January through September of 1959, burglaries dropped 2 per cent on a national basis. This was an encouraging sign since the previous year had shown a 14 per cent increase during this same period. If this 2 per cent decrease is maintained, total burglaries in 1959 will approximate 665,000—about 77 every hour of the day, day-in, day-out, all around the country.

This is still a staggering total, and becomes more so when one considers the value of stolen property will approximate 68 million dollars in 1959, and only about 54 per cent of this amount will be recovered.

The Chief went on to say many of these burglaries could have been prevented if the people had taken some simple precautions to protect their homes and property.

People often leave their homes for an evening, weekend, or a vacation without a thought given to the precautions recommended by their local police department. Windows are left open... keys left un-

der the door mat or in the mail box... a completely dark house or even worse, light burning 24 hours a day. All the earmarks that tell a burglar "this family is away!"

Apprehending burglars is of course, the job of your police department. But, the "war" against burglary can effectively be carried out by the homeowner. Only with his complete co-operation can this war against the high burglary rate be successful.

To do your part in this never ending battle, the Chief has suggested these simple precautionary measures be taken by every homeowner.

1. Leave one or two lamps connected to an automatic timer to turn lights on and off regularly each evening. This makes the residence look "lived-in" and is a good protective measure.

2. Close and lock all doors and windows, including basement, porch, and garage. Use pin tumbler cylinder locks on all outside doors and safety latches on windows.

3. Cancel milk and newspaper deliveries. An accumulation of milk bottles and newspapers on your steps is a sure sign no one is home.

4. If you're going away for a weekend or longer, notify your police department as to the date you are leaving and the date you will return. When leaving for a longer period, tell the police where you may be reached and a key for your premises obtained.

5. When you plan to be away, have your post office stop mail

JESD To Switch Principalships, Nine Changes

Jefferson Elementary District will have five changes in principalships and four new principals taking over schools starting in September.

The shifting is due to the opening dates of new schools plus the recent death of one of the principals, Elisabeth (Betty) Kennedy, formerly of Westlake School. In all, there will be nine different principals in the district's 19 schools.

Listed below is the person, school and how long they have been principal at that school.

Lloyd Andrews, Abraham Lincoln, one year; Bernhard Gerdes, Colma Upper, five years; Eleanor Zenovich, Colma K-6, three years; Donald Pagan, General Pershing and Crocker, six and four years; H. Z. Weibel, Daniel Webster, one year; Mel Thayer, Fernand Rivera, two years; Robert Abbey, Garden Village, two years.

Fred Schweickhardt, George Washington, three years; David Willey, Jefferson, two years; Louine Bostwick, Olympia, three years; Harry Aronson, Thomas Edison, one year; Marjorie Tobias, Vista Mar, three years; Ethel Hahn, Woodrow Wilson, 12 years.

Principals have yet to be selected for Ben Franklin, Thornton, Vista Grande and Westlake Schools. In the interim, Leonard Herbst is serving as principal at Westlake. Pagan, currently serving as Crocker and Pershing principal, will take over at M. Pauline Brown when that school is completed.

AUTHOR Richard H. Dillon will be the featured speaker at the Daly City Library-YWCA sponsored Thursday Morning Book Review on Thursday, May 5, at Westlake Clubhouse, from 10 to noon. Dillon produced a best-seller in "Embarcadero."

deliveries to your home (or have a neighbor collect it) and make sure no store deliveries will arrive during your absence.

6. Have your phone disconnected when you're away on vacation. Burglars will sometimes call to see if anyone is home.

7. If away on vacation, have your lawn mowed and sidewalk swept by a neighbor at least once a week.

8. Leave shades or blinds as you normally would when you are home, never close them completely.

9. Tell one neighbor when you are leaving. Have him notify police if he sees anyone prowling around.

10. Burglars have big ears so never advertise your departure with an item in the paper, or broadcast the news to your neighborhood at large. Your trip is still news when you return, but no longer to burglars.

Letters To The Editor

Reader Makes Comment On Bad Crossing

Dear Editor:

Amid all the furor in your paper the day about the annexation and the great number of assurances that responsible planning would make the new area a blessing and not a burden, there appeared another item about an accident at Eastmoor and Junipero Serra. This intersection has increased in use since the opening of the new road up to St. Francis Heights. It would seem that some sort of foresight, experience factor or even a plain old hunch would have shown this intersection would increase tremendously in use and thereby become dangerous. It has cost the life of a four-year-old boy.

This raises a question in my mind. Why do we have to wait until a certain actual number of accidents occur to get something done about a light or some other control. Shouldn't our government be held responsible to correct beforehand these conditions created by new development of land? We the people have no direct control over developers except through our city fathers. I hope there is more wisdom shown in the situation that was created at the subject intersection.

One four-year-old has made a down payment. I hope the balance will be only in money and not lives.

Charles R. Wheat

Laurie Anderson 'Queen Of May' At Colma K-6

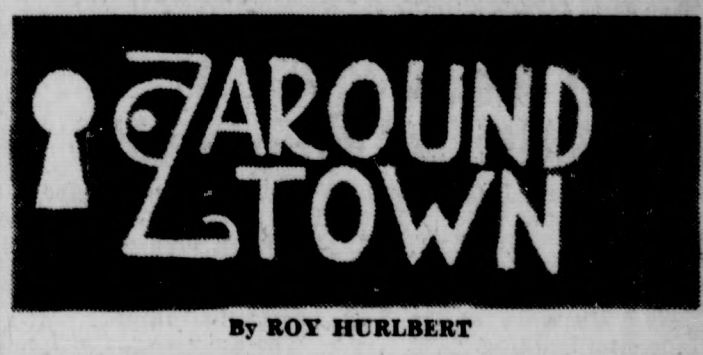

The boys and girls of Colma K-6 School have chosen third grader Laurie Anderson to reign as "Queen of the May." Their May Day Dance Festival will be held Monday, May 2, at 10:30 a.m. Every child in the school will participate in this celebration to which parents and friends are invited.

The princesses who will attend the queen are Janet Noya, Micheli Leonoudakis, Janet Vollers, Laurie Cayssals, Jeanine Tardelli, Lynn Hillman, and Betty Vines.

District Superintendent of Schools Richard Foster will crown the May Queen. Kindergarten John Bomba will be the crown bearer. The honorary soldier guard will include kindergartners Jimmy Macchi, Frank Bertini, Donald Nicholas, Donald Durham, Richard Seeman, and Dean Barnes.

Student Council President, George Egan, will announce the special events of the Festival.

There were 2,910 pedestrians killed and 66,030 injured on U. S. roads last year because they crossed between intersections.

By ROY HURLBERT

Mayor Frank Pacelli, who attended Tuesday night's north county hospital study committee confab in Pacifica, today revealed that administrators of Mary's Help Hospital in San Francisco, contemplating a transfer to this area, will survey several sites in the north county with the hope of landing one most accessible and centrally located for all residents.

Pacelli said it was not certain if the site would be in Westlake, although Westlake was mentioned in the first announcement made by the Mary's Help officials.

It has also been learned that St. Ignatius High School authorities in San Francisco have abandoned their attempt to secure the north end of the Westlake Basin property (north of Westlake Park near Lake Merced) for a new high school.

The SI folks now are looking elsewhere, according to a reliable spokesman.

Construction of a new municipal court building will begin this summer in South San Francisco—a facility to serve all the cities in the northern half of the county.

Judge Charles Becker last week gave Daly City Rotarians an idea of the heavy volume of cases handled by his jurisdiction.

Last year the court processed 26,000 moving vehicle violations. About 30 criminal arraignments are held each week, there are an average of six civil trials per week, and two mornings a week are set aside for small claims actions.

Becker asserted that 95 per cent of all criminal cases in his court are tied directly to drinking. He also said that in homes where both parents work, the children usually get into trouble.

An Oakland law firm, headed by the city attorney of Berkeley has been hired to fight the City Council's emergency Callan Park annexation ordinance. One of its members learned the rigors of annexation uprisings in Sunnyvale, the Santa Clara County city that has seen phenomenal and heavy industrial growth.

Irish by heritage, the Callan brothers, Tom Jr. and Mike, intend to feature the Emerald Isle tradition in their proposed development. First unit off Skyline will contain such street names as Kerry, Shannon, Eire, Ardee and Dublin. You can bet the Callans will exhaust the Irish dictionary for designations covering the rest of the tract.

Who is San Mateo County's busiest individual about this time every year?

No doubt County Clerk John A. Bruning qualifies for this distinction.

Swamped by the municipal elections April 12, his permanent staff of 11 now is tackling the June 6 primary paperwork.

Bruning told us today that even with modernized IBM equipment, the primary will cost taxpayers roughly \$190,000 in expenses.

Finance Chief Joe Arch of Daly City said precinct costs here two weeks ago were about \$2500—give or take a few pennies.

For a special referendum election, say on the Callan Park annexation, the bill would amount to about \$6000, according to City Clerk Evelyn Mosman.

Crew-cut Chuck Vincent is temporarily in charge of Daly City's department of parks and recreation, taking over for Director Dee Van Nest who moved to the land of the Dodgers.

Rich Watso, San Francisco State student who gets his degree this June, steps into Chuck's former post as recreation supervisor.

An ex-Jeff High basketballer of no small ability, Watso probably will remain with the Daly City department full-time. Rich has done an outstanding job as adviser to the city-sponsored Hi-Fi Teens club—a very active group.

August "Augie" Conci, who supervises the maintenance of Daly City's parks as head manicurist of lawns and grounds, once again beautified the council chamber last week for the inauguration ceremonies. There was the usual scramble for the plants when the meeting was over.

John Keefe, the sober-minded city manager of San Bruno, shook up his North County Council of Cities colleagues last Thursday when he cited the public's apathy on civil defense preparedness.

He attended the conference of scientific brains at Stanford, in which the bomb-makers emphasized that radiation shelters are "musts," replacing the evacuation-for-survival concept.

Individual shelters cost money, true, but the day may come when such expenditures look better than oblivion.

Keefe said the facts he learned at Stanford on H-bomb destructiveiveness converted him to full-scale civil defense crusading.

Mel Battye, Bob Young, Joe Schultz and John Drye—Daly City's Personnel Board—performed beyond-the-call of duty in digesting the state audit and recommendations on the duties and salaries of the more than 150 city employees.

Last Sunday the four durables spent the whole day—almost from sunup to sunrise—making their final decisions for city council consideration.

City commissioners pay no wages and the duty restricts at-home-with-the-family time.

Chairman Battye's group without a doubt has and is rendering exceptional service to the community. They take their chores seriously.

Culprits in the ranks? An indignant mom called last week to complain about some bigger boys who invaded one Easter Egg Hunt with suitcases and swept up all the candied goodies before the smaller fry had a chance. There are always a few spoilers in the crowd.

Mrs. John Gloe, wife of the Westlake library and fire station architect, was chief hostess for the national architects convention in San Francisco.

Fourth Annual Girl Scouts Show Attended By Thousands

Fourth annual Girl Scouts-in-Action show with its festival-like air, was attended by thousands of Girl Scouts, their parents, and friends, last Saturday afternoon at the War Memorial building.

The Girl Scouts and their friends were especially honored by the presence of their executive director, Mrs. Edward E. Gould, and district advisor, Mrs. Lawrence Commeau.

The Girl Scouts, versatile in many varied fields of interest, had numerous displays in the auditorium and elsewhere.

The quality of the exhibition-demonstration by the 52 troops in the Daly City-Colma area, was exceptionally fine.

Here are some of the works enjoyed by the visitors: A puppet show of the Girl Scout Laws, salt water life collection of shells and sea life, nose bags, embroidery of bibs, realistic flower-making, decorated jewel and sewing boxes, mosaics, silk screens, weaving of mats, musical instruments, dressed dolls, a replica of the Swiss Chalet, scrapbooks, First Class rank requisites, etc.

Several groups were cooking and distributing samples of food such as: A nourishing sandwich, cookies baked on the scene, and a camp-style stew.

In one corner of the Coral Room, a real camp was depicted with trees, rocks, dirt.

The Colorado Roundup Girl Scouts had a display and pictures of their last summer's camping experiences.

Senior Scouts had a mock-horse with a real saddle for the kiddies to try out.

Lingerie Worth \$50 Taken From W'lake Apartment Lines

A lingerie thief took clothing valued at \$50 from the clothes lines of two Westlake women last Wednesday.

Officer Philip LaBruzzi said the thief took mostly slips and bras from the lines of Vivian Janis, 25, 90 Forest Grove drive, apartment 4, and Shirley Fortune, 80 Fairway drive, apartment 1. Thirty-five dollars worth of clothing was taken from the Forest Grove line, and \$15 value was placed on those at Fairway.

LaBruzzi says the cases are similar as the thief did not bother to take the clothespins from the line, only the undergarments.

Safeway Helps Salvation Army Salvage Drive

Springtime is cleanup time. In homes throughout the country it's house cleaning time again. Just as a cooperative effort helps to lighten the load at home, the cooperative efforts of the Safeway Stores and The Salvation Army make it easier for householders to dispose of their throw-aways.

Throughout Northern California, Safeway Stores will distribute on their large grocery bags, a printed reminder of the annual Spring Salvage Drive. These bags may be filled with clothing and other household articles and a call to the local Salvation Army truck service will bring a truck to your home. Other items needed are repairable furniture, appliances, mattresses, rugs and bric-a-brac.

The Salvation Army rehabilitation program for men is entirely maintained by the reprocessing and sale of discards. Seven centers operate in Northern California where long-term residential care is given. Medical services, work therapy assignments, Christian and psychological counseling and planned leisure time activities are all part of the rehabilitation program. Men from this community may apply for admittance to these centers.

Your throw-aways make all this possible. Get your "double-duty" bags at Safeway and give your usable discards a double opportunity. Call the Red Shield truck in your community.

Laura Weber Special Guest Of Hadassah

Laura Weber, TV entertainer, will highlight the April meeting of Westlake Group of Hadassah, on Thursday, April 28, at noon, Daly City War Memorial building, 144 Hillside boulevard, according to Mrs. Warren Bauer, president. Miss Weber has appeared on Channel 9. She plans to present a medley of Israeli songs and explain their history.

Mrs. Morton Levinson and Mrs. J. Desman are in charge of serving the luncheon. Members are urged to attend and bring their friends.

Baby sitting service will be provided. For any additional information, telephone Mrs. Bauer, PL 6-0877.

The slate of officers for 1960-1961 will be presented to the membership at this meeting.

The officers nominated are: President, Mrs. Seymour Handelman; Vice Presidents, Mrs. Henry Shernock, Mrs. Arthur LaPedit, and Mrs. Jerome Urbach; Recording Secretary, Mrs. Alfred Paul; Financial Secretary, Mrs. Jerry Klonoff; Corresponding Secretary, Mrs. L. Nebron; Treasurer, Mrs. Russell Bliss; Board of Directors, Mrs. Fred De Bow, Mrs. Peter Kerros, and Mrs. Al Gurewitz, and Mrs. Francis Kopolowitz.

Garden Village PTA Program Well Attended

A huge crowd attended the Spring Concert and installation of new officers for the school year 1960-61 at the regular meeting of Garden Village PTA last Tuesday night in the school's multi-purpose room.

Mrs. A. J. Hulse, historian of the 17th District's CCPT, installed the following officers: Mrs. Jack Bertken, president; Mrs. William Stevenson, vice-president; Mrs. Edward De Martini, recording secretary; Mrs. Lawrence Phillips, corresponding secretary; Mrs. J. E. Shapansky, financial secretary; Mrs. Lawrence Anderson, treasurer; Mrs. Donald Russell, historian; Warren Voeke, auditor, and Mrs. Michael Orlich, parliamentarian.

The fourth grade glee club under the direction of director Mrs. Patricia Hackett presented the concert. The program titled "Our Musical World" consisted of songs from many lands.

Principal Robert Abbey invited all parents to observe Public Schools Week, April 25-29, and urged all parents to attend the "Open House" Tuesday evening. Abbey announced that all classes will participate in the May Day Festival scheduled Thursday, April 28, at 10:30 a.m. In the event of rain this program will be postponed until Thursday, May 5.

Amidst the appropriate setting of the spring season the social hour was hosted by Mrs. William Stevenson, Mrs. Edward Olsen, Mrs. James Peters, Mrs. Raymond Meade, Mrs. Russel Parkison and Mrs. Orlich, third grade room mothers.

B'nai B'rith Women Forming New Chapter

A new chapter of B'nai B'rith Women is being formed for young Jewish women over the age of 21.

Bobbie Dulberg is temporary chairwoman and Gail Spring membership chairman. The next meeting will be held at the home of Berta Sugarman, 27 Grandview avenue, Westlake, on May 4. At that time a name for the new chapter and permanent officers will be chosen.

All women interested in becoming members of this group, whose activities will be centered around the ideas of young adults, should phone Mrs. Dulberg, LO 4-4733, or Mrs. Sugarman, PL 6-8944.

M. Pauline Brown's Gift To The Church

On Thursday, May 5, the late M. Pauline Brown's silver tea service, bequeathed to the Women's Association of Broadmoor Presbyterian Church, will be used at their annual executive board silver tea. The tea will be from 2 to 4 p.m. in the social hall of the church, 377 87th street, and all interested women in this area are invited to attend.

Attractive floral combinations as well as shower arrangements for special occasions will be on display. Throughout the afternoon guests will be entertained by special musical selections.

Those pouring will be past president of the Women's Association: Mrs. James Fairbanks, Mrs. Rex Spruiell, Mrs. Henry Sunderman, and the wife of Rev. Herbert Tweedie. Guests will be greeted at the door by this year's association president, Mrs. Carlos Mattson, and Mrs. Richard Gray Sr., chairman for the tea.

Nursery care will be provided at the church during the tea.

EXECUTIVE BOARD of the Women's Association of Broadmoor Presbyterian Church will present their annual silver tea at the church's social hall on May 5 between 2-4 p.m. Mrs. Carlos Mattson displays the

South City Women To Present 'Summer Bouquet Of Fashions'

Under the theme, "A Summer Bouquet of Family Fashions," the South San Francisco Woman's Club will present a Fashion Show and Tea in the clubhouse at 470 Grand avenue this Saturday at 1:30 p.m.

Styles shown will feature fashions typical of community activities modeled by members of the club and their sons and daughters under the direction of Mmes. Harry Farros, Edwin Ray and Miss Loretta Hussar.

Highlighting the Summer Bouquet will be special fashions for eighth grade and high school graduation, Mother's Day and the mid-summer county fiesta.

A lively element of surprise will be added to the program by the activities of the special participation group guided by Mrs. C. A. Verhagen.

More conventional entertainment will be presented by Rollin Corgan and Leonard Cooper from the cast of South San Francisco High School's coming production, "Oklahoma."

Lending an international touch to the program will be Chantel Bardenet of France, presently attending the high school under the student exchange program; Vickie Humphries and John Broderick, exchange students to Norway and Germany, respectively in 1960; and Jeanie Nelson who will be this year's exchange student in Europe.

The high school will be further represented by Principal Louis Bagnall as Master of Ceremonies, staff members Bob

Keropian and Don Stupfel in special guest roles.

Those wishing to make reservations may obtain tickets by contacting Mrs. Sherman Nash JU 8-8237 or Mrs. Harry Farros PL 5-4204.

B'nai Israel Youth Slate Big Carnival

The Youth Club of Congregation B'nai Israel will hold a Carnival this Sunday, May 1, in honor of Israel's independence day. A large variety of games for children and adults will be available and refreshments will feature hot dogs and pizza.

The afternoon of fun will begin at noon following the Sunday School classes, announcements acting President, Irvin Shore. The Youth Club is sponsored by the Men's Club of Congregation B'nai Israel and Eddie Sennett is advisor. All friends and parents of the youngsters are invited.

NEW CENTER OPENED BY METHODISTS

Under the direction of the newly-formed Committee on Military Personnel, Temple Methodist Church, Junipero Serra boulevard at 19th avenue, opened its "Methodist Center for Older Youth," last Sunday. The center, which occupies Temple House (on the corner of Shields and Beverly streets — across Shields street from the church proper), is under the supervision of Mr. and Mrs. John S. Baker, JU 6-8449.

The center is open every Sunday afternoon from noon to 6 p.m., and is open to all single, older youths, ages 18 to 23 approximately, including college students, military personnel, and employed young adults. A "cost meal" is served at 1 p.m., at 50 cents per person. A study room is provided. Magazines, books, records, indoor games such as scrabble, ping-pong, etc., and outdoor sports including tennis and volleyball, are also available. At least one adult married couple will be in attendance as supervisors each Sunday.

On Sunday evening, May 1, the Wesley Fellowship program for older youth will begin at 7 p.m. with volleyball on the outdoor court. At 8 p.m. the Rev. Dr. Carl Gordon Howie of Calvary Presbyterian Church, San Francisco, will speak and show slides on "The Dead Sea Scrolls." Worship chairman for the evening is Delbert Brittain, with Ken Byram in charge of refreshments.

CAL DAYTIMERS INSTALLATION IN WESTLAKE

The California Daytimers, B'nai B'rith Women No. 715, will hold their luncheon-installation at Westlake Bowl on Thursday, May 5.

Mrs. Harry Tauber, third vice president of District 4, will be the installing officer, assisted by Mrs. Charles Wine.

The following officers have been elected to serve the 1960 term: President, Mrs. Sidney Silverman; First Vice President, Mrs. Abe Kay; Second Vice President, Mrs. Byron J. Merritt; Third Vice President, Mrs. Jacob Bisnow.

Counselor, Mrs. Jacob N. Chapman; Corresponding Secretary, Mrs. Irving Dulberg; Recording Secretary, Mrs. Robert E. Mumm; Financial Secretary, Mrs. Sidney Davis; Treasurer, Mrs. Dorothy Drain; Guardian, Mrs. Eddythe November; Sentinel, Mrs. Louis Anderson; Trustees, Mrs. Bertha Hafner, Mrs. Louis Planky, and Mrs. Jerry Milrod.

Village Nursery Dance Tickets Now On Sale

Decorations by Walter Prehn, of Floral Arts Nursery, will set the scene for Village Co-operative Nursery School's tenth annual dance to be held April 30. The Westlake Auditorium will be turned into a Japanese Garden by the local garden specialist for the affair.

Tickets are now being sold by school members. Funds from the dance will be used to pay operating expenses. Tickets may be obtained by calling Mrs. Egidio Masini, PL 6-2065.

WEDNESDAY evening services — 8 o'clock
READING ROOM, 2633 Ocean Ave. — DE 4-1422
Open weekdays 9:00 a.m. to 9:00 p.m.
Sundays and Holidays — 1:00 p.m. to 5 p.m.
Wednesdays 9:00 a.m. to 7:30 p.m.
ALL ARE CORDIALLY INVITED

TWINS Marilyn and Marisa Mullwyk, daughters of Mr. and Mrs. John Mullwyk, complete the three-panel picture and are all dolled up for the four-day "Carousel Days" Festival at Our Lady of Mercy Parish in Westlake. The big fund-raising event begins this Thursday and runs through Sunday. Proceeds go into the parish's fund for a second school—a drive that is still shy of its goal. Mrs. Mullwyk is chairman of the hat booth—one of scores of features at the festival. Photographer Charles Bladgon of the parish thought he was seeing double when he lined up this outstanding shot.

Lionesses Hear Famed Hairstylist

The Daly City-Colma Lionesses Club held their March dinner meeting at Copperwood Lodge, with Louise Lagomarsino and Janet Felsler acting as hostesses for the well-attended program.

A hair styling talk and demonstration was the feature of the evening with Mr. Chris from Michael's of Stonestown the special guest of the local ladies. His model was Lina Pappes of Westlake.

'Fashion Of Gifts' YMCA Theme For Monthly Luncheon Show

The YMCA fashion show luncheon this Thursday, April 28, will feature "Fashions in Gifts" followed by an afternoon of bridge, canasta, and other card games.

The fashion show-luncheon will be held in the banquet room of Westlake Bowl in Westlake Shopping Center. Luncheon will be served at 11:30 a.m. and card playing will begin at 12:30. Price of luncheon is \$1.75. For reservations phone PL 6-7370. Free supervised nursery is available for pre-school children.

Westlake merchants will display selected items that are

"high fashion" for gift giving for many occasions.

Merchants are also donating a large number of items as awards. First prize will be a Lady Elgin wristwatch donated by Westlake Merchants' Association.

For an afternoon of cards, guests are asked to make up their own foursomes and bring their own cards. Those desiring help in filling out a table should phone Mrs. Lewis Johnson, 154 Westlawn avenue, PL 5-5325.

Mrs. Johnson, chairman for "Fashions in Gifts," is being assisted by Mrs. Ester Johnston, Mrs. Jack Rauch and Mrs. Sam Sklavos, all of Daly City.

Job's Girls Participate In Services

Job's Daughters, Bethel 198 of Daly City will attend and participate in the 11 a.m. worship service of Broadmoor Presbyterian Church, 377 87th street, this Sunday, May 1. Donna Dennis, Honored Queen, will speak on "The Meaning of Job's Daughters." The tribute to the flag will be given by Sharon Chapman, Senior Princess, and the tribute to the Job's Daughters flag by Robin Frisch, Junior Princess. The responsive reading will be led by Carolyn Dennis, Chaplain, with the Job's Daughters Choir singing the anthem. Ushering will be young men who are members of the Mission Chapter of DeMolay.

Guardian of Job's Daughters is Mrs. Dorothy Fisher. Associate Guardian is Elmer Payne with Mrs. Charlotte Chapman serving as music director. Assisting the Job's Daughters will be Delmar Severy who is music director of the local church, along with Mrs. Gloria Mattson, organist. Rex Spruiell will supervise the ushering. Rev. Herbert Tweedie will preach at both the 9:30 and 11 o'clock services with the adult choir of the church singing at the 9:30 service.

Girl Scouts Plan Two 'Car Washes'

Senior Girl Scouts of the Daly City-Colma area are planning two car washes, May 21 and May 28, from 10 a.m. to 4 p.m. to be held at various gas stations.

Names of the stations will be announced soon.

Miss Ann Mori, in charge of Senior Opportunities, states that the purpose of the fund-raising car wash is to build up a reserve of cash to be used in the future for national roundup camp.

For \$1, the Girl Scouts will wash, clean, and dry your car. Tickets at \$1 each are being sold for the purpose.

California's Tree Farm program was started in 1942.

Rose Society Sets Meeting

Robert Utter, program chairman, says "Show-time is Go-time," the theme of the May meeting of the San Francisco Rose Society, held in the Horticultural Center Building, City College, Ocean Ave. and Tara street, Sunday, May 8, at 2 p.m.

Jack Halpern, a long-time Rosarian and authority on roses, will discuss the proper cutting, handling and transporting roses, preparatory to entering in show competition.

George Hubbard, a champion rose exhibitor, will speak on "Grooming a Rose."

The public is invited to attend all regular meetings of the Rose Society. Admission is free.

TV and Radio

By Mona Baker

It was a memorable occasion this Sunday afternoon in KPIX's studios—a program was being produced locally by the California Academy of Sciences in association with Channel Five, that would receive nationwide distribution, and the participants were a most distinguished group of doctors. In town to attend the annual meeting of the American College of Physicians, the noted specialists included Dr. William C. Menninger, Dr. Walter L. Palmer, Dr. Wm. C. Dock, and Dr. Roberto F. Escamilla.

The program, titled "Let's Look at Ourselves," was another in the outstanding medical "Ask Your Doctor" series sponsored by Merck, Sharp and Dohme. The doctors were in the studios early for the "dry run" rehearsal. Lunch followed the rehearsal and we had a few moments to chat with the renowned psychiatrist Dr. William C. Menninger, President of the Menninger Foundation, a non-profit professional organization which is the largest training center for psychiatrists in the United States, the eminent doctor is the recipient of many distinguished awards. He is the author of many published works and has served as consultant to U.S. Army Surgeon General and leading mental health organizations. Long identified with the Boy Scout movement he has been on the National Executive Board since 1935. Enthusiastic about television and its educational potential, he told us that he felt television is a "wonderful educational medium." On camera he proved to be a most fascinating interviewee as he chatted with Host Art Brown. Adept at "ad libbing," his comments were words of sage advice and deep wisdom punctuated with a subtle quality of dry humor.

The entire program was a smooth and skillful production from beginning to end and each doctor discussed his specialty in a highly informative and entertaining manner answering questions submitted by viewers. Seen "live" over KPIX and on the east coast, the program will be viewed by numerous medical groups throughout the country during the next few months. Medical associations have found television serves a two-fold purpose—it is a most effective way to reach many thousands of physicians who cannot attend conventions, and has also proved to be an excellent medium to educate the layman on medical subjects.

MRS. JOSEPHINE WILEY, 27 Loeb way, San Francisco, was one of the big winners of the Pacific Gas and Electric Company's \$20,000 drawing. She won a television set from Westlake Town and Country TV. Joe Rohl, local P G & E manager, hands Mrs. Wiley the winning notice while daughter Elizabeth and Jerry Strauss, owner of the shop, look on.

Summer High School Registration Deadline Here Is This Friday

Registration for Jefferson and Westmoor students who want to attend summer school is this Friday, Director Robert Watt reminded today.

"We have more than 500 students, including incoming freshmen, signed thus far," said Watt, "and we can accommodate even more."

Two summer school sessions will be held at Westmoor High. Both begin June 22. The shorter session is for incoming freshmen and ends August 2. Sophomores and seniors will attend the June 22 to August 16 program.

Approximately 35 teachers will staff the summer school faculty.

Watt reported that more of the regular classes are all filled but the elective program offers such courses as Clothing, California History, College Skills, Behind the Wheel Driver Training, Sociology, Business Machines, Electricity and Mechanical Drawing.

The program for the incoming frosh includes Typing, pre-Algebra and Conversational French—all popular to date in sign-ups.

Students not yet registered are urged to contact the deans and counselors.

LEAGUE OF WOMEN TELL MAY TOPIC

Topic for the Westlake Unit of League of Women Voters May meeting will be "The Role of the Political Parties in Selecting the President."

The meeting will be held on Wednesday, May 4, at the home of Mrs. I. Silberstein, 157 Wilshire avenue, at 8 p.m. Unit meetings are held on the first Wednesday night each month and all local women of voting age are invited to attend.

ARRANGING FLOWER decorations for the Fuchsia Ball which is scheduled to begin at 7 p.m. on May 14 at The Village are dance committee members (left to right): Mrs. L. Warren Price, Mrs. Fred P. Mortara, Mrs. Ralph D'Olive and Mrs. Paul E. Neagle. All proceeds will go to the Mary's Hospital Guild building fund. Tickets may be reserved by calling Mrs. Montara at PL 6-0668.

THE RECORD photo

DC Garden Club To Hold Meeting

"What's Doing in My Garden" will be the topic of a panel discussion at the regular monthly meeting of the Daly City Garden Club, held in the War Memorial Community Center, Mission and Alameda streets, on May 3 from 8-10 p.m.

Members of the panel include the following residents: Fred Marquez, Joe Kusber, Anthony Lemos, Mrs. Dora Hunter, Mrs. Ward McLeod and Mrs. Mary Rosenberg of San Francisco.

Mrs. H. L. Colin and Mrs. E. J. Kohlhauf will be the hostesses for the evening. Members and guests may bring plants for the Exchange Table, presided over by Mrs. Hunter.

Daly City Garden Club members and their friends are invited to all regular meetings of the club. Admission is free.

SATURDAY IN SOUTH CITY

Colma Italian-Catholic Federation Unit Awaits Annual Dinner-Dance

Italian-Catholic Federation, Branch 19 of Holy Angels Parish in Colma, will present its annual dinner dance at All Souls' School cafeteria, 479 Miller avenue, South San Francisco, on April 30 at 6:30 p.m. Chairman of the affair is Ario Gregori. Tickets are \$3 per person and \$1.50 for children under 12. Tickets may be obtained by contacting Gregori, JU 8-0217, or president Al Teglia, PL 5-1792.

A night in honor of all the mothers of the branch will be held on May 9. Chairman is Joe Zanobini.

The branch has now formed a bowling team. Manager Rich Landi said the team will enter a summer league at Westlake Bowl on May 11.

May 15, a roller skating party will be held at the San Mateo Rolladium from 6:30 to 9:30. Anyone interested should contact Rich Perata, PL 5-4964, or Maureen Marconi, PL 5-4899.

The San Francisco District Council of The Italian Catholic Federation will hold its annual picnic Sunday, May 22, Sunnyview Family Club Park, 266 Escuela avenue, Mountain View. Tickets may be obtained at the park or by contacting any member of Branch 19.

BEN FRANKLIN PTA INSTALLS NEW OFFICERS

The last unit meeting for this fiscal year of the Benjamin Franklin PTA scheduled in the school multi-purpose room, this Tuesday evening, May 3 at 8 p.m. will be of vital interest to all parents, particularly to those of the graduating classes.

Arrangements have been made with Westmoor High school to have a number of their students present for "open discussion" of high school curriculum. Parents will be able to participate in asking questions of the student panel with the view of being enlightened as to what faces their children upon entering high school.

The highlight of the evening will be the installation of the new officers, which will include Mesdames Gordon Yeaton, president; John Arnot, vice-president; Tom Colangelo, recording secretary; Samuel Stein, corresponding secretary; Roy Milam, Parliamentarian; Mary Smith, Treasurer; Esther Eiler, financial Secretary; Pariss Simmons, eighth grade teacher, historian; and Florence Silveria, auditor.

Eighth grade room-mothers will host the social hour.

Camp Fire Leaders Set Daly City Meet

The Daly City Leaders Association of Camp Fire Girls will hold their monthly meeting at War Memorial Community Center on Thursday, April 28, at 7:30 p.m. The summer camping program for Blue Birds and Camp Fire Girls will be discussed.

Members of the North County Leaders Association include: Mrs. John Cordes, Mrs. Ernest Draves, Mrs. Kenneth George, Mrs. A. Seyranian, Mrs. George Jeffers, Mrs. Jerry Jones, Mrs. William Kneebone, Mrs. Luther Lee, Mrs. Frank Moroney, Mrs. Thomas W. Nichols, Mrs. Daryl Ober, Mrs. Stephen Kristovich, Mrs. Gus Scourkes, Mrs. Leo Stout, Mrs. Irving Posman, Mrs. W. H. Neuer, Mrs. Edward Raymond, Mrs. Thomas Thompson and Mrs. Arthur Waldvogel, Chairman.

North County training for the Blue Bird Fly Ups will be held for Camp Fire Girls' Leaders on Monday, April 25, at the home of Mrs. Norman Otto, 726 Cherry, San Bruno, from 10 a.m. until noon.

Sodality Sets Rummage Sale

Mrs. John Shea, chairman of the rummage sale to be held by members of the Sodality of Our Lady of the Assumption of St. Thomas More Church, next Spring, has announced that there will be several drives to collect rummage before the end of the year.

The first of these will be held on April 30-May 2. Wearable articles of clothing, shoes, handbags, hats, toys, books, jewelry, dishes, etc., may be left at the rectory garage on any of these three days.

The children of St. Thomas More School will have a one-day drive on May 2. Packages may be sent to school with the children on this day.

For pick-up, call Mrs. Shea, JU 5-0915, or Mrs. Richard Dunn at JU 4-9002.

Firemen's Wives Hold Regular Meeting Here

Newly installed president Mrs. Grace Winters presided over the recent meeting of Daly City Women's Auxiliary for the firemen's wives.

New members were enlightened on the social and community functions of the auxiliary. The president explained that the women aid at major fires by providing hot coffee and dry clothing to the firemen on duty. They also assist yearly in providing Christmas toys for needy children and are called upon for various community projects.

Those attending were Mrs. Bobby Brush, Lori Cheli, Patricia Church, Betty Cunnen, Lavina De Natale, Lee Hanson, Pat Kuchac, Betty Malcolm, Anna Marshall, LaVerne May, Hilda Powell, Sylvia Roy, Pat Verducci and Grace Winters.

Hirsch, 27, and a resident of Westlake four years, is the youngest man ever to be elected president of the division.

Three Catholic Daughters Units Hold Mass Reception At O.L.P.H.

By Eleanore Mumford

The reception of new members into Court St. Mary No. 1155, Court Cathedral and Court Salesian of the Catholic Daughters of America took place last Thursday evening at the Our day of Perpetual Help Hall in Daly City.

Impressive ceremonies were conducted by Court St. Mary under the direction of Mrs. Charles J. Pietro, District Deputy, and Mrs. DeWitt Brunson, Grand Regent.

Mrs. Ernest Hecht rendered her services as organist and Mrs. Wallace Mead, vocalist, enthused the membership and visitors with two selections during the course of the recess. Both ladies are members of Court Golden Gate.

Following initiation procedures the Emblem Pins of the Order of the Catholic Daughters of the Cross and Crown were presented to the new members: Mrs. Paul Elliot and Mrs. Alfred Louray of Court Cathedral; Mrs. Louise M. Gravano of Court Salesian; Mrs. Anthony Cancilla, Mrs. L. Gene Myers, Mrs. Ethlyn A. Robinson and Mrs. Rose M. Lutz of Court St. Mary.

Mrs. Peter Arietta, monitor of Court Salesian, substituted in the absence of Mrs. Charles Wettstein. Assisting her was Eileen Brooks of Court Cathedral.

Among the guests who attended were Mrs. John O'Sullivan, San Bruno, Arch-diocesan Chairman of Social Welfare; Mrs. Harold Kull, District Deputy from San Francisco; Mrs.

Ollie M. Blevins, Grand Regent of Court Cathedral and members; Mrs. Donald Heissenbuttel, Grand Regent of Court Salesian and members; also members of Courts Golden Gate and Berkeley.

Hospitality chairman Mrs. Maurice Clark and her committee served a buffet at the conclusion of the evening, the table made resplendent with a large centerpiece of both yellow and white iris.

Mrs. Jenny Johnson arranged the hall decor, also carrying out the yellow and white theme.

On display were the church vestments made by the Courts' World Missions Chairman, Mrs. Laurence DeFanti, aided by Mrs. James Gallagher.

Each individual set consists of the Chasuble, Stole, Maniple, Veil and Burse.

The complete set of six includes these made in the vestment colors of white, red, green, purple, black, and tan.

Also shown was a sample of the white dresses and veils that the Court furnishes needy girls to make their First Holy Communion during the month of May, these also under the direction of Mrs. DeFanti.

At the next meeting of Court St. Mary on May 5, the members will be treated to a "Fun Night" in appreciation for the countless services and time they have given to the various projects during the past term. Mrs. Arthur Dikas, chairman, has arranged an enjoyable evening. Mrs. Vincent Cooney and Mrs. Margaret M. Morey will be in charge of refreshments and hospitality.

Spring Bazaar Set May 5 By Presbyterians

The annual Spring Bazaar, sponsored by members of Grace Presbyterian Church, will be held Thursday, May 5, starting at 10:30 a.m. in the social hall, 515 Winchester street.

Mrs. H. S. Holcomb, Women's Council president, expects all the booths will be laden with attractive handmade linens, aprons, novelties, something to please all ages, and the grab bag.

A big Virginia ham dinner will be served from 5:30 to 7 p.m. at \$1.50 for adults and 75 cents for children.

Dr. Thomas Whelpley, pastor, extends an invitation to the community.

'Industrial Education Week' Set

The San Mateo County Industrial Education Association, a group of over 100 teachers of industrial arts and vocational training, is sponsoring a display of students' work at banks and stores throughout the county. County supervisors have pre proclaimed May 1-7 as "Industrial Education Week."

The purpose of this special showing is to acquaint the public with the many units of learning that go into the making of projects by the shop students of San Mateo County.

The SMICEA is headed by Dee Moseley, electronics instructor, Jefferson High, Daly City; Rich Laverty, graphic arts, San Mateo High; Floyd Hunter, mechanical drafting, South San Francisco High; and George Simon, mechanical drafting, Westmoor High, Daly City.

Trout Season Open Saturday

Low waters and continued balmy weather should result in a huge turnout of fishermen for the opening of the trout season this Saturday, April 30, in all but the northwest corner of the state (which opens May 30).

That's the opinion of Department of Fish and Game field men who have been looking over stream conditions and have pronounced them generally ideal for trout fishing.

Last year a record 1,433,817 Californians bought fishing licenses. About half of these were trout anglers.

Although the turnout may be under last year, a great many anglers are expected to hit the streams on opening day. For this reason, the Department urged all fishermen to buy their angling licenses before they leave home. While an angling license may be obtained from any of 4000 license agents throughout the state, in the past some agents in fishing areas have run short of licenses after a big unexpected rush of customers.

For trout fishing, the angler must obtain a basic license (fee: \$3) and two license stamps (\$1 each).

Jeff's Baseballers Strong Pennant Contenders

JEFF BASEBALL Coach Steve Mazzera talks over pitching assignments with (left to right) utility man John Souza, and hurlers Lynn Anderson and Don Staff. Souza, a senior, recorded a 5-3 record last year and won his first start (against Mills, 4-2) this year. THE RECORD photo

SPORTS

Indian Trackmen Run Wild; Skin Panthers In All Three Divisions

Indian trackmen ran wild at their own cinderpaths last Friday, beating the Burlingame Panthers in all three divisions. The winning scores were: varsity, 72-36; B's, 77-35; and C's, 69-16.

Double-winners for the Jeff varsity were Penn Jensen and Joe Reynaga. Jensen captured the high hurdles, 17.3 and the lows at 22.6. Reynaga stole first place in the 440 at 53.0 and broadjumped 20-6.

Willie White made the most noise in C competition, taking the high's at 9.7, the lows, and the high jump at 5-8. Coach Bob Watt was most impressed with the B's Duane Baswell, however. Baswell has improved a little each time out and carved out a 38.7 in the 330 to come home a winner.

Ron White clocked his best time as a C, 1:32.5 in the 660. Another impressive showing was turned in by the B relay team of Jim Belvin, Sam Ennon, Baswell and Narin Albert for a combined 47.0 showing.

Varsity 220 man Anibal Davila found himself in a one-man race. Pat Bell, John Margaroni and Burlingame's Mike Carboni were all disqualified for false starts. Needless to say, Anibal won. His time was 25.5, though he would have won if he would have done 25:55.5.

Watt said very few of the times were outstanding due to the rain, sunshine and wind concoction that mother nature cooked up last Friday. Yet, Bob said he couldn't complain, as his teams took everything but the sod off the field.

Ram Frsh-Soph Nine Extended For Second Time

Westmoor's Frsh-Soph nine won their second extra inning league game, and third of the season, by scoring in the bottom of the eighth inning to take a 7-6 decision from South City's yearlings last Tuesday. Two hits and an error accounted for the winning run. Bob Simons led off with a single and moved to second on a passed ball. Fred Mason's infield single caused the trouble for the Warriors. An infielder's toss eluded the first baseman and Simons scored.

Harry Brown, who the previous game, didn't allow a single walk was plagued with wildness. He let nine runners reach base via walks, but tempered only four hits and eight strikeouts with his erratic pitching. He gained the victory by tossing the final six innings, relieving Roland Isnor. Isnor didn't allow a run in the two innings pitched but Coach Roger Miller figured he was being hit too hard.

Joe Gardner and John Dyer, BROWN ONE-HITS CAPUCHINO NINE

Westmoor's Frsh-Soph club didn't have to take a back seat to the varsity last Friday. While Don Katona pitched a one hitter for the varsity,

is a sterling 1.44. Krohn walked but one man and gave up four stingy hits against the Warriors. Meanwhile, Walthard (2 for 2) and Terry Christman (2 for 4) led the eight hit attack.

Rod Losberger's team scored twice in the second and once in the fourth, both times with two outs. Billy Hix walked and tallied on Rich Morales triple. The shortstop scored the second run on a bloop single to left by the southpaw hitting Christman.

The fourth inning found the Rams putting their third run on the scoreboard as Walthard singled, stole second, and came home on Heick's single. Singles by Krohn and Dougherty, plus a stolen base by Dougherty, placed runners on second and third in the sixth. Walthard closed out the production by lining a single to centerfield with the two runners scampering plateward.

Dot & Andy's DC - Colma Bowl Leader

Dot and Andy's took over first place in the Daly City-Colma Bowling League which is held each Tuesday at Brentwood Bowl.

Dave Wild, Paul's Flowers, bowled the highest single game, 257, last Tuesday. Dick Kalinin, The Annex, rolled the best series, 613.

The Annex led the team single high game scoring with a 1027 total.

HARRY VAPLON'S BASEBALLERS BEAT BURLINGAME

Jefferson's Frsh-Soph nine rode home behind the three hit pitching of Darwin Haanen last Friday to take a 7-1 verdict from the Burlingame nine and remain in a three way tie with San Mateo and Westmoor.

It was league win No. 2 for Haanen who walked but three while fanning 11. The eight Indian hits were well scattered. Dan Luciano, Larry Keeling and Rich Reitz getting two hits apiece. All eight blows were singles.

The Harry Vaplon coached nine tied the score with one run in the bottom of the opening frame and scored twice more in the second and four times in the fifth canto.

The Rams also took the Class C meet, 63-22, though losing the B's match, 59-45.

Dennis Chase will have to be chased as the new pole vault record man. He cleared David Vogel's 1959 mark of 12 feet by three and a half inches. A double victory winner was Pete Daniels in the high hurdles, 15.5, and lows, 20.8.

Outstanding for the C's were Pat Russo's 1.31 in the 660 and high jumping tying leap of 4 feet, 8 inches. Mike Pedrini swept to victories in the 75, low hurdles and broad jump. Bob Borba turned in winning times in the 150 and 330.

The Rams travel to Capuchino Friday in an effort to boost their 3-1 mark. San Mateo still leads the pack at 4-0. In all, the varsity is 7-2, B's 4-4-1, and C's 7-5.

Indian Uprisings Take Two More Scalps In Peninsula Attacks

At the beginning of this campaign, Jefferson was picked to flounder around at the bottom of the baseball pack but they have done anything but wiggle at the losing end.

The surprise team of the loop, the Indians, as of last Friday, were tied with Westmoor and Hillsdale for first place with 4-1 marks. Coach Steve Mezzera's club dispelled all doubts as to their being a true pennant contender by battering three Burlingame pitchers for a 17-2 win last Friday.

Though the Panthers are last in league play the Indians are last in the race before the season, began and he has pair of second and seventh innings and

five in the fifth for the majority of the runs.

Don (Slow Stuff) Staff allowed but five hits, walking four and striking out seven while gaining his second victory of the young campaign. Staff and Stan Montalbo make up the one-two hurling missile for Jeff and it will be up to these two to match Westmoor and Hillsdale on the slab. The Rams have Barry Krohn and Don Katona as the most reliable duo while the Knights bank on Ed Bright and Larry Werner.

Mezzera said pitching would decide the race before the season, began and he has pair of second and seventh innings and

Staff and Montalbo hold through the remaining nine tilts.

Leading hitters against the Panthers were Rich Mortola (for 4), Karl Keeling (2 for 3) and Jack Fuentes (2 for 3). The Indians had 11 hits, a one error while Burlingame committed five miscues.

The Indians collected 7 hits good for as many runs, to defeat San Mateo, 7-3, on the local's home last Tuesday. Tony Montalbo triggered the attack with a triple and single while twin brother Stan picked up the win. Mortola gained without a hit in both the second and fourth innings to put the Indians in a hole.

Mortalba walked in the second and stole second. Following Tony's single, he tallied on passed ball. J. B. Berry and Stan made outs while four Jeff batters stroled to first base. Drawing the walks which forced two runs across the dish were Mike Kennedy, Keeling, Fuentes and John Souza.

It was "Morty" again, in the fourth, who started the uprising. He gained base on an error and scored on Tony's trip. Berry doubled half of the Mortalbo combo home and was perched to third when Keeling singled to score both runners.

Even though the Indians made four errors Coach Steve Mezzera praised his nine for good defensive game. An assisted double play, on a line drive and tagging second base by Mortola aided the cause. Another helper was Sonny Sauer's snag of a line drive and throwing to Tony Montalbo first base for a DP.

Stan allowed five hits, walked five and whiffed three in the victory.

Recreation Department Readies For Second Annual Day Camp

With summer vacation around the corner once again, the Department of Parks and Recreation is preparing for its second annual Day Camp program, Junipero Serra County Park, located near San Bruno, will be the camp site.

The Day Camp program will open this year with a five day handicapped children of Daly City. On this program, stronger emphasis will be placed on outdoor cooking, nature craft, nature lore and nature study.

Regular camp sessions will commence July 18 and end August 17. Each session will comprise of three days, Monday, Tuesday and Wednesday. Hiking, nature study, outdoor cooking and archery are just some of the activities in which children aged 8-12 will participate.

Remember these dates: July 11-15... Handicapped session;

Rams Measure SSF Varsity In Oval Meet

Westmoor's oval men made it three out of four league victories by measuring South San Francisco at the Warriors' field, 93-19.

The Rams also took the Class C meet, 63-22, though losing the B's match, 59-45.

Dennis Chase will have to be chased as the new pole vault record man. He cleared David Vogel's 1959 mark of 12 feet by three and a half inches. A double victory winner was Pete Daniels in the high hurdles, 15.5, and lows, 20.8.

Outstanding for the C's were Pat Russo's 1.31 in the 660 and high jumping tying leap of 4 feet, 8 inches. Mike Pedrini swept to victories in the 75, low hurdles and broad jump. Bob Borba turned in winning times in the 150 and 330.

The Rams travel to Capuchino Friday in an effort to boost their 3-1 mark. San Mateo still leads the pack at 4-0. In all, the varsity is 7-2, B's 4-4-1, and C's 7-5.

Braves Clobber San Mateo Nine

Jeff's Frsh-Soph baseballers pounded baselists to every part of the diamond while clobbering San Mateo, 16-4, last Tuesday at the Bearcats park.

Bob Miller pounded two home runs enroute to becoming the winning pitcher. Miller connected for a round tripper to start the game on onslaught. Both had three hits apiece. Picking up more than his share of the 14 hits was Caceredo. The catcher had four hits, two singles and brace of doubles. He and Miller pushed four runs across the plate each.

Miller allowed four runs while hurling the first five innings. Darwin Haanen shut-out the Bearcats over the final two frames. Miller again displayed fine speed, striking out 10 and walking 4.

50-Foot Putt By Jim Roman Aids Westmoor

Jim Roman putt, putted along to give Westmoor's golfers a whisker-thin win over Hillsdale, 11-10, last Tuesday to keep the Rams entrenched in second place.

Roman had all the pressure on him as he sunk a 50-foot putt which gave the Rams the match. If he had missed the crucial shot, Coach Tony Giammona's crew would have lost by the identical score. The victory sandwiched Westmoor (6-2) in second place, with Burlingame (8-0) first, and Hillsdale third.

Scores for the match were: Mike Seelig, 78; Sam Malta, 79; Bob Snyder, 82; Roman, 83; and Marty Seelig, 86.

Snyder's par for the course 72 led the Rams to a 19-2 decision over South San Francisco the previous day. Other totals were: Mike Seelig, 81; Marty Seelig, 80; Malta, 80; and Roman 82.

Three of the lads qualified for the Northern California Junior Tourney during the Easter vacation at the Olympic Club. Marty Seelig won the fourth flight while brother Mike qualified for the championship flight but lost his first match. Snyder qualified for the first flight, winning his first test but failing his second time out.

CANDLESTICK: TAKE BUS AND LEAVE THE 'RIDING' TO US

We now are sure that you can't get in or out of Candlestick Park without a citation signed by President Eisenhower. We heard of a resident who had a doctor's appointment and couldn't get out of the area as San Francisco traffic police kept "urging" him to go in the same direction as the rest of the cars. Finally he got a police escort out of the traffic snarl.

Just as bad is trying to get into the park. We learned the following the hard way: 1. You can't park in the parking lot while picking up tickets. 2. You can't drive up to the box office to get them the day of a game. 3. Public owned parking lots won't allow you to stay in your car while somebody else picks up the tickets. 4. There's no parking within three blocks of the park if you want to get tickets.

Finally, we parked at a dead-end street and had somebody pick up the tickets, then we learned after being driven to the park by a third party: 1. You can't cross through the parking lot to get to the stadium. 2. You see red. 3. You blow your top. 4. You wonder if it's all worth it.

The best way to get in and out, if you get tickets ahead of time, and the San Francisco busmen will love me for this, is to take the bus. Not only is it cheaper, 30 cents, compared to the 75 cents they are nice enough to charge for parking, but faster and more convenient.

In all earnestness we hope that the whole garbled up mess is rectified. If not, bring back Seals Stadium.

We believe the motto, "Millions for defense but not a cent for tribute." Only we'd change it to read, "Dollars to see a ball game, but not a cent for parking."

Our seats were located along the first base side, far down first base and in rightfield. It was a good seat. This was one of the points we agreed upon with our daily writing brethren.

If you haven't been to a game at Candlestick or have never been to any game far as that goes, you're bound to be impressed with the vastness of the stadium.

The only wish we have is that the "invisible shield" is removed from in front of the leftfield wall. Two blasts looked like they were far and away over the barrier only to plop dead and fall into the outfielders glove after hitting the wind gusts. Yet, in a way, this is beneficial. The one run game is more exciting than watching all the pitchers step to the plate and power homers.

We have but one hope. You won't get "burned" at Candlestick like we did.

BARRY KROHN, DON KATONA BOOST FLAG HOPES

RAM PITCHERS EXCELLENT; FOLLOW 16 STRIKE-OUT GAME WITH ONE-HITTER

Following on the heels of Barry Krohn's 16 strike-outs and 5-1 win over South City last Tuesday would seem hard to follow but not for sophomore Don Katona.

The righthander allowed but a lone single while pitching his mates past Capuchino last Friday, 3-1. Lead-off batter Rich Marchi hit a solid single to start off the tilt for the Mustangs but after that 18 men went down without garnering a base blow. Katona gave up two walks, one of which led to Cap's only run, and blazed the ball past seven Mustangs.

Ram scoring came in the bottom of the second. Tom McHugh singled, Krohn was hit with a pitched ball and Bill Dougherty gained first on an error. Ed Walthard walked to force one man across the plate and Dougherty scored all the way from second base as Jim Heick hit into a pitcher-catcher-first base double play.

Krohn's one baser in the fifth plated Katona with the third run. Wally Bunker, only a freshman, was the losing chucker for Capuchino. He gave up four of the Rams' six hits.

The South City game was one of pitch and catch for Krohn and Walthard while the other seven glove men had to take care of only five outs. The "hohum" fielders weren't a bit disturbed as Krohn leftied 16 third strikes past mesmerized Warriors. The K's chalked up a season high.

A 190 pounder, the stocky southpaw may have provided the impetus to push the Rams onto greater things, their first major sport league crown. Barry has shown the way in three out of the last four games. During the Easter tourney in South City he pitched a 6-0 win over Serra and then knocked in all of the Rams runs in a losing cause with Balboa, 5-4.

The southpaw has a 4-0 record total and is 2-0 in loop play. His earned run average

... 16 strike-outs for Barry Krohn.

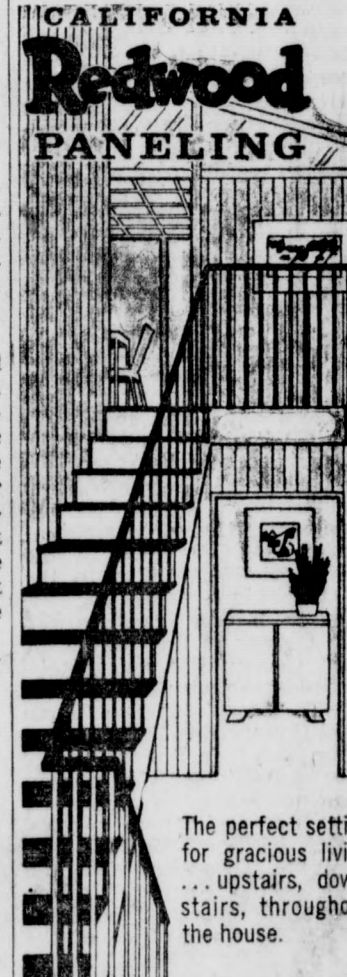

is a sterling 1.44. Krohn walked but one man and gave up four stingy hits against the Warriors. Meanwhile, Walthard (2 for 2) and Terry Christman (2 for 4) led the eight hit attack.

Rod Losberger's team scored twice in the second and once in the fourth, both times with two outs. Billy Hix walked and tallied on Rich Morales triple. The shortstop scored the second run on a bloop single to left by the southpaw hitting Christman.

The fourth inning found the Rams putting their third run on the scoreboard as Walthard singled, stole second, and came home on Heick's single. Singles by Krohn and Dougherty, plus a stolen base by Dougherty, placed runners on second and third in the sixth. Walthard closed out the production by lining a single to centerfield with the two runners scampering plateward.

WESTMOOR COACH Rod Losberger talks over baseball with some of his reserve players. Kneeling (from left to right): Pitcher Doug Eastman, outfielder Dave Peterson and catcher Darryl Woodside. Standing are outfielder Jerry Hyndman and first baseman Ron Tounsend.
